## Welcome to the NCUST America's Best Urban Schools Award Program!

---

*Thanks for considering applying to our 2017-2018 program to recognize some of the best urban schools in the nation! We are pleased to have this opportunity to recognize outstanding educators who create excellent learning opportunities for students. This year, we will award schools in five categories: elementary, middle, high, alternative, and dual-language schools. We look forward to recognizing the nation's very best urban schools in each category. A school may apply for the award in **only one** of the five categories. Districts may submit applications for **no more than five schools in total**. Be sure to choose wisely!*

*The application requires the submission of substantial data because we must distinguish among many deserving schools. Please read each question thoroughly and answer completely and accurately. While we acknowledge that this process requires work, we know that many schools find the process worthwhile because they learn more about their strengths and opportunities to improve. We hope the process supports your ongoing improvement efforts.*

Sincerely,

### Questions?

If you have questions about the application or the application process, please e-mail your questions to [megan@mail.sdsu.edu](mailto:megan@mail.sdsu.edu) or call 619-594-7905. Please note that NCUST must receive your completed application by 5:00 p.m. Pacific Standard Time on Friday, December 1, 2017 in order to ensure consideration. Application process and submission information is provided on pages V and VI. Additionally, we are requesting that schools submit an Intent-to-Apply form (page VII) by Wednesday, November 1, 2017.

## 2018 Award Winner's Recognition Package

Every school that submits an application by Friday, December 1, 2017 and meets all eligibility criteria will be identified as either an honor-roll school or a finalist for the bronze, silver, or gold-level award.

### Becoming an Honor-Roll School

By Friday, December 15, 2017, NCUST will announce the honor-roll schools and finalists for the bronze-level award. Every applicant that meets all eligibility criteria will, at least, be recognized as an honor-roll school. Honor-roll schools will receive a certificate acknowledging their accomplishment. Also, NCUST will recognize honor-roll schools on the NCUST website.

### Becoming a Bronze-Level Winner

By comparing the applications and video submissions of schools that meet all eligibility criteria, NCUST will select applicants with the strongest evidence of academic strength for all populations of students as finalists for the bronze-level award. Between February and April 2018, all finalists will receive on-site visits from teams of NCUST personnel, former award-winning principals, and other outstanding educators. Each visit team will validate the application data, acquire additional evidence of strength, and study the practices that contribute to the school's success. If the team validates the application and identifies high levels of curricular, instructional, and relational strength (commensurate with previous bronze-level winners), by May 2018, the school will be notified that it is a bronze-level winner.

### Becoming Silver-Level Winners

By May 2018, (based upon application and site-visit data), NCUST will announce the schools with the strongest evidence of excellence among the finalists. These schools will be notified that they are at least silver-level winners. (See **Becoming Gold-level Winners.**)

### Becoming Gold-Level Winners

The silver-level schools with the strongest evidence of excellence (based upon application and site-visit data) will become our gold-level award winners. The gold-level winners will be announced during the awards ceremony at the October 2018 America's Best Urban Schools Symposium.

***The prize packages for each award level include the following:***

Prize	Bronze	Silver	Gold
Expense-paid trip to National Symposium in San Diego, CA	For two people	For two people	For two people

## Application Process

---

The application includes three important parts: 1) the intent-to-apply, 2) the written application, and 3) a video submission.

### Intent-to-Apply

The **intent-to-apply form** (page VI) provides information that will enable NCUST to anticipate each school's application. By submitting this form, you help ensure that NCUST will receive and review your school's application in a timely manner. If a school does not submit the **intent-to-apply form** by Wednesday, November 1, 2017, it may still apply; however, NCUST cannot guarantee that the application will be received and reviewed.

### Written Application

**Please do not submit an application if the school does not meet all of the criteria specified.** The **cover page** (page 1) provides information that will enable NCUST to contact appropriate persons throughout the application process. The **demographic profile** (page 2) contains information that helps NCUST understand more about the applicant school; however, these data are not used to determine eligibility for the America's Best Urban Schools Award. The application **questions** (pages 3-13) include 16 items that will help determine if a school qualifies to be considered for an NCUST America's Best Urban School Award. Also, these items will be used to help determine which qualifying schools will be selected as finalists for the bronze-level award. The **certification page** (page 14) requires signatures that assure all information submitted in the application is true and accurate.

### Video Submission

In addition to the written application, all applicant schools must submit a DVD with video clips of two lessons that are representative of the highest quality instruction that occurs at your school. The **video submission** will let the NCUST evaluation team view examples of excellent instruction to help determine which schools will be finalists for the bronze-level award. The DVD should include at least 10 minutes, but not more than 30 minutes from each lesson and should clearly state the grade level being taught, the subject area being addressed, and the specific student objective(s) for each lesson. To provide strong evidence of the lesson's quality, consider including a few minutes from the start of the lesson, a few minutes mid-lesson, and a few minutes toward the lesson's end. Please send the **DVD** and **the video cover sheet** (page 15) to NCUST along with the paper copy of the application by the due date (12/1/2017).

### Photograph Submission

Please provide 15-20 digital photos that give us a sense of what your school is like. Please include teacher-student activities and the signed permission form (page 16) allowing NCUST to use the photos. (You need not provide signed permission from each individual pictured.) **Photos must be in .jpg format with the highest resolution possible on a CD** titled with your school's name and sent to NCUST along with the signed permission form by the due date (12/1/17).

- 1. Did the school win a gold-level or silver-level America's Best Urban Schools Award (formally the National Excellence in Urban Education Award) in either of the following years? 2016:  YES  NO      2017:  YES  NO**

*If the answer is "yes" for either year, the school does not qualify for this award competition. Schools that won the America's Best Urban Schools Award in 2015 or prior may qualify.*

- 2. Does the school use selective admissions criteria?**

a. Does this school serve a zoned population, or is it a choice/magnet campus?  
 Zoned Population       Choice/Magnet Campus

b. What percent of the school population does the choice/magnet program serve?  
\_\_\_\_\_ %

c. If it is a choice/magnet campus, does it have academic requirements for admission?  YES       NO

*If the answer to 2b is greater than 10% and the answer to 2c is yes, the school does not qualify for this award competition*

d. If it is a choice/magnet campus, are there other requirements for admission?  
Please describe:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

e. Are students denied continued enrollment if their academic performance falls below certain levels?  YES       NO

*If the answer to item 2e is "yes," the school does not qualify for this award competition*

- 3. Is the city in which the school is located considered urban?**

Is the school located in a metropolitan area with a population greater than 50,000?  
(If in doubt, see the U.S. Census Bureau's list of Metropolitan Statistical Areas.)

YES       NO

*If the answer to item 3 is "no" the school does not qualify for this award competition.*

For every group with more than 20 students tested, NCUST compares the percentage of students achieving at the proficient and advanced levels with the statewide averages for ALL students. **Each demographic group must exceed statewide averages for ALL students in at least two subject areas.** If one or more demographic groups listed above did not exceed statewide averages in at least two subject areas, the school does not qualify for this award competition.

**Exception:** The achievement results for English language learners and students with disabilities will be compared across applicant schools and need not meet the criteria specified above

## 8. WHAT EVIDENCE INDICATES HIGH AND GROWING ACHIEVEMENT AMONG ENGLISH LEARNERS?

a. Number of English language learners: \_\_\_\_\_

b. What percent of English language learners advanced to a higher level of proficiency on the most recent state English language assessment (i.e., ACCESS, CELDT, TELPAS, etc.)? \_\_\_\_\_%

*No absolute criteria have been set for this question. Data from applicants will be compared.*

## 9. Were suspensions rare for each demographic group of students?

Provide the total number of students enrolled in 2016-17 in each demographic group and the total number of days students in the group did not attend school because of suspensions. For example, if during the year, three students with disabilities were suspended for two days each and one student with disabilities was suspended for five days, the number in Column B for students with disabilities would be 11 [(3x2)+(1x5)].

**TABLE H: SUSPENSION AND EXPULSION RATES FOR 2016-17**
